

# ASHBY SMOKING SHELTERS

Furnitubes have introduced the powder coated **Ashby Smoking Shelter** to its extensive range. The shelter provides a cost effective, weather resistant and aesthetic solution for companies. Available powder coated in many colours, black as standard. Shelters are available with a perch seat and an internal ash tray as extras.

## CIGARETTE *ash waste bins*

Areas used by smokers can often become messy with unsightly cigarette butts littering the ground.

Furnitubes range of ash waste solutions, designed for strength and style, encourage customers, employees and visitors to dispose of cigarette waste and keep areas tidy and attractive.

All designs are fully lockable.

### This is just the start of what Furnitubes can do!

Furnitubes can supply over 5000 street furniture products, ranging from bollards and cycle parking to litter bins, seating and signage.

**FURNITUBES**

# Zenith<sup>®</sup> RANGE

The **Zenith range** is based on our standard Zenith sloped bollards, enabling seamless integration of products within a scheme.

▲ ZEN 215 - Root Fixed

The stunning **Zenith ash waste bollards** are available bolt down or root fixed.

The sleek and compact wall mounted **Zenith 200** and **Zenith 275** are an ideal choice for areas where a ground fixed cigarette bin is not suitable.

The **Zenith 275** provides an economical version of the **Zenith 200**, and can be post mounted in addition to wall mounted.

▲ ZEN 275 - Wall Mounted

etched & infilled cigarette symbol

3mm thick oval stubbing plate

2.5 litre capacity stainless steel liner

stainless steel body

plated steel lock

ZENITH 200 - Wall Mounted ▲ shown open

- contemporary look
- virtually maintenance free
- stunning satin finish

▲ ZEN 200 - Wall Mounted

## STAINLESS STEEL

- resists damage from stubbed cigarettes
- high corrosion resistance
- minimal maintenance
- stylish appearance
- hard-wearing and strong
- 100% recyclable

# LIVERPOOL RANGE

The clean lines of the **Liverpool range** complements all environments. The ash waste bins are available wall mounted or freestanding to suit all your ash waste needs.

Fitted with a cast iron base, the freestanding **Liverpool 210** ash waste bin requires no installation in secure areas. For non-secure areas, the ash bin can be fixed to the ground.

## POWDER COATED STEEL

- high grade smooth & professional finish
- durable protective coating
- attractive and several colours available
- tough & scratch resistant
- hard-wearing and strong
- weatherproof

The wall mounted **Liverpool 250** ash waste bins are available in powder coated steel or in stainless steel.

# ASHBY RANGE

The **Ashby** range of ash waste bins cater for areas where a floor mounted ash waste bin is not suitable. These designs can be wall or post mounted and are ideal for a variety of locations.

The stainless steel body of the **Ashby 380** ash waste bin resists damage from stubbed cigarettes and from the elements.

▲ ASHBY 380

Furnitubes now offer a slimmer version, the **Ashby Slimline** that can be either wall or post mounted, or powder coated.

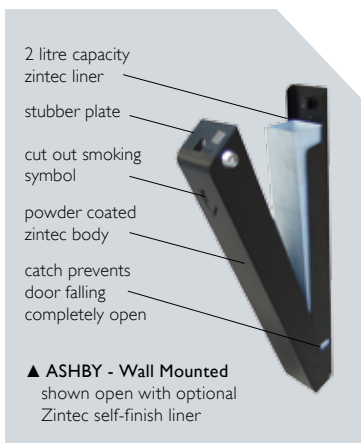

- long narrow design ensures quick & effective extinguishing
- two litre capacity - easy to remove, empty and clean
- channel bracket on rear allows for banding onto various post diameters (banding not included)

◀ ASHBY SLIMLINE Wall Mounted stainless steel with Zintec liner

▲ ASHBY SLIMLINE Post Mounted with red liner

- 2 litre capacity zintec liner
- stubber plate
- cut out smoking symbol
- powder coated zintec body
- catch prevents door falling completely open

▲ ASHBY - Wall Mounted shown open with optional Zintec self-finish liner

door shown with red powder coated liner and optional corporate crest

## WHAT IS ZINTEC?

Zintec is steel that has been electrolytically coated with a thin layer of zinc. This provides more protection against corrosion than standard uncoated steel.

# Smoke King RANGE

The cleverly designed **Smoke King** range cuts off the air supply to burning cigarettes placed within it, thus extinguishing them without the need for an external 'stubber' plate.

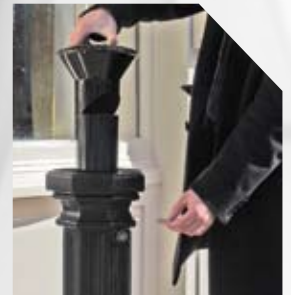

▲ SMOKE KING - Bolt Down in use

The cast aluminium **Smoke King** has been designed to sympathetically blend in with existing bollards and architecture, and is available in a floor or wall fixed version. Both designs are fully lockable.

- traditional design
- extinguishes cigarettes efficiently
- cast aluminium body

- designed to cut the air supply to cigarettes, extinguishing them without the need of a stubber
- 3.5 litre capacity
- galvanised steel liner
- other BS/RAL colours available
- push lock
