

ZENITH® PICNIC BENCHES & TABLES

Timber-topped table with central steel plate

Available in two standard lengths, to suit either 6 or 8 sitters, the original Zenith table is designed to complement the corresponding seating range. Tough materials and robust construction makes the tables a popular choice for a wide range of sites, from outdoor dining areas in schools and education campuses, to seafronts and woodland picnic areas. Other lengths are available on request, including shorter versions which can serve as fixed games tables in a public realm situation. The inset posts on all versions make the table accessible to wheelchair users from both ends. Although generally supplied as an independent item, the table can be joined (either above or below ground) to benches or seats via low level plates to form a single-piece picnic-style table set, which can be bolted down or used as a freestanding unit.

ZENITH TABLE

Standard assembly: steel frame, central table top section & posts for in-ground fixing, hot dip galvanised, with iroko timber slats in smooth planed finish

ZEN T6

6 person (3 per side) / 1830mm long table
