

Shaping safer spaces .

Local authorities, developers and designers of the public realm – COVID took us all by surprise and it affected most industries in some way. But as we emerge from the pandemic we've seen cultural shifts that will directly impact the way we experience the outdoors.

Are you prepared?

What you will gain from this CPD

- Understand how a modular solution can be used to help create a safer environment in a post covid world
- Tips and ideas for your next scheme or project
- Be able to specify modular solutions, with confidence, to your requirements

Duration: 40 minutes + Q&As
